

SUMMER STATER

Vol. I, No. 1

June 22, 1942

FACULTY WELCOMES STUDENTS

It is with great pleasure that I welcome you—faculty and students—to our 1942 Summer Session.

The times demand well-trained people with broad vision and high ideals. It is our desire that faculty and students work together in the pursuit of knowledge, and in the practical application. We trust that all of us may profit greatly through our associations this summer.

We, as a faculty, are here to serve you students. Come to our offices for friendly conversation or for help according to your needs and interests. We are anxious to know you and make your stay here worth-while.

Walter J. Homan
Director of Summer
Session

SUMMER SESSION PROGRAM

May I extend my heartiest welcome to all of the students attending the San Francisco State College Summer Session.

We have planned an interesting summer session social program so that you will enjoy your stay with us. Become a part of the student body by attending these social functions we have arranged for you. This is your chance to become acquainted with our visiting faculty as well as our resident faculty. Look over the social program appearing in the paper today, and I am sure that you won't want to miss anything.

Martha Sherwood
Chairman of Student
Activities

STUDENT COMMITTEES IN ACTION

I want to extend my most cordial greetings and welcome to all summer session students.

The Summer Session Associated Student Body is organized to serve you. Student leaders have planned a tentative program in recreational, informational, and welfare activities which they hope that you will find interesting. Moreover, the Student Body desires to include you as one of its participating members. All of us together, in these coming six weeks, plan to engage in a program of student activities that promises to give pleasant diversion from the usual work and study of the day.

Student Committees are only tentatively formed. Should you desire to serve in any capacity or have suggestions for improving our program, we would be very happy to talk with you.

Florence Stephenson
Director of Student Activities

EDITORIALS

July comes again this year and finds us prepared to start another summer session. We are all ready to start the ball flying, and turn out a session that will be long remembered. In these troubled times education has become a vital part of our lives, and if we wish to live up to our expectations, we must all try to do our part and make each other feel that he is one of the whole, working to gain the ideals of this country. To each and every person, I offer my sincerest welcome and the best of luck!

STEP RIGHT THIS WAY!

Step right up and buy a Student Body Card. We are selling them at the exceedingly low price of \$1.00, which really is an infinitesimal amount when compared with the returns that it will bring. That one, small student body card will give you a new lease on life. With it in your possession you will feel young and free again. It guarantees its holder the right to participate in the social activities during summer session. But remember, our social calendar is only a tentative one so far, and if there are to be changes in it, we want those changes to add more activities and social events. However, this can only be done if enough student body cards are sold. After the 1st issue the Stater will be given to card-holders only.

Cards may be obtained at the Student Body Office in room 119-B.
